# Yukon Flats School District - Chalkyitsik School Roof Replacement On 80,000 Gallon Potable Water Tank

**State Funding Requested: \$300,000****House District: 6 / C**

One-Time Need

**Brief Project Description:**

The Chalkyitsik schools 80,000-gallon water tank needs to have the lid repaired.

**Funding Plan:**

Total Project Cost: \$300,000

Funding Already Secured: (\$0)

FY2023 State Funding Request: (\$300,000)

Project Deficit: \$0

*Funding Details:*

none

**Detailed Project Description and Justification:**

The Chalkyitsik schools 80,000-gallon water tank needs to have the lid repaired. The potable water tank has a treated roof that is foamed in, and due to the moisture and 40 years of service the treated wood has been rotting and falling into the potable water tank which supplies water to the school for drinking, bathrooms, laundry and cleaning for the school. This tank has been professionally cleaned in the past, but the integrity of the ceiling has deteriorated and is hazardous, the debris that have been falling into the potable water tank is making the water supply unusable.

Currently the water for drinking purposes must be hauled by a vehicle from the water plant daily, this presents health/safety concerns for the school officials and students,

**Project Timeline:**

begin repairs as soon as money becomes available

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

Yukon Flats School District
